from the Ministerial Association to which he belongs. Any recommendation of mine would be out of place. All I would say is try him. The subject is so fully before you & any attention you may bestow or assistance you may afford him in the premises will be cordially received by your friend Humble Servt

Dear Sir,

I have a Son in the Ministry who, being a N. Englandman is wishing to settle in N. E. I have strong predilections in favor of Massachusetts. My Son is about twenty nine years of age, regularly educated, has been once settled & at his own request was about two months since dismissed. The object of this communication is to request of you some information & such assistance as may be in your in relation to any vacancies in your vicinity. I saw some time since a notice of the dimission of Mr Abbott of Roxbury & have not seen any account of his vacancy having been supplied. Mr Newhall left East Barton some time since. I perceive there is quite a waiting up to orthodoxy in Barton & Revd Mr Tillotson informed my Son that you were occupying a extensive field of usefulness in the City. Now my Dear Sir if there be a door opened at Roxbury, East Barton or elsewhere in your vicinity & you would so far interest yourself in this subject as to name my Son as a Candidate & induce them to drop him a line to preach for them a short time as a candidate you will greatly oblige me & he will produce the most satisfactory credentials
